

# PROGRESSIVE TSHWANE ALLIANCE (PTA012)

## FOUNDING CHARTER & VISION 2030

### PART I: OUR CORE IDENTITY

#### Vision Statement

To build a **People-First Tshwane** where stable, accountable governance transforms our city into Africa's first truly **Smart Metropolis** by 2030—powered by innovation, driven by community, and freed from destructive party politics.

#### Mission Statement

To **take back Tshwane from politicians and give it to the people** by:

1. Empowering independent ward champions who prioritize residents above party loyalty.
2. Forging a stable, service-delivery coalition government focused solely on transformation.
3. Implementing **Vision 2030** - a bold, technologically-advanced industrial revolution that restores basic services while positioning Tshwane as a global competitor in automotive manufacturing and smart city innovation.

**OUR PHILOSOPHY: "The Community is the Candidate"**

### PART II: THE PTA012 PHILOSOPHY – WHY WE EXIST

#### The Crisis We Solve

Tshwane has suffered under:

- **Political Instability:** 5+ mayors in one term through selfish no-confidence motions.
- **Service Collapse:** Electricity failures, water shortages, infrastructure decay.
- **Party-Over-People Governance:** Councillors serving party interests instead of wards.

## Our Revolutionary Model

We are **NOT a traditional political party**. We are a **coalition of community champions**—a platform where:

- Each ward candidate is independently selected by their community.
- Councillors sign a **People's Performance Contract** with their electorate.
- The PTA012 provides campaign resources, legal support, and a unified council strategy.
- In council, we vote **together on service delivery, freely on conscience issues**.

## Founder's Mandate: The Larry Matlala Legacy

Our President and Founder, **Mr. Larry Matlala**, brings:

- **Credible Charismatic Leadership:** A proven track record of grassroots mobilization.
- **Vast Institutional Knowledge:** Decades of understanding Tshwane's governance and industrial landscape.
- **Unwavering Passion:** A lifelong dedication to Pretoria's people, not political power.
- **Bold 2030 Vision:** The strategic foresight to position Tshwane as Africa's smart city pioneer.

## PART III: THE 2030 TRANSFORMATION AGENDA – THREE PILLARS

### PILLAR 1: IMMEDIATE SERVICE RESCUE

#### Priority Number One: Restore and Guarantee Basic Services

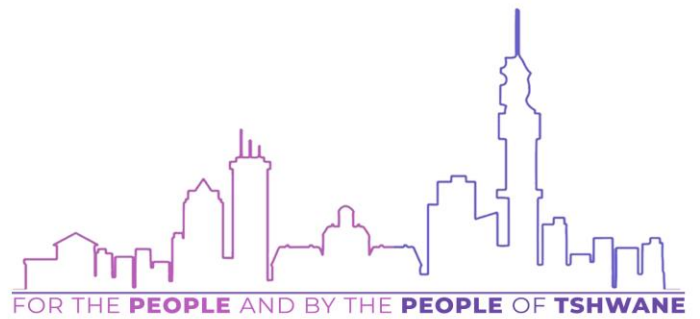

##### ELECTRICITY & WATER REVOLUTION:

- **“No Dark Homes” Initiative:** Upgrade and protect electrical infrastructure with smart metering and rapid response teams.
- **“Forever Water” Security Plan:** Overhaul water infrastructure, fix leaks within 24 hours, and implement groundwater utilization in drought-prone townships.
- **Service Delivery War Room:** 24/7 mayoral monitoring centre with public dashboards showing repair status in every ward.

## PILLAR 2: THE TSHWANE AUTOMOTIVE & INDUSTRIAL REVOLUTION

**Bold Goal:** By 2030, Tshwane will design, manufacture, and export Africa's first globally competitive smart vehicle.

### THE "TSHWANE MOTORS 2030" STRATEGY:

1. **Revive Rosslyn & Mamelodi Hubs:** Convert old industrial zones into **Advanced Manufacturing Special Economic Zones** with tax incentives, reliable utilities, and skills academies.
2. **Global Partnerships, Local Ownership:** Collaborate with Chinese, Indian, and European EV tech firms—but ensure **51% South African ownership** of the flagship brand.
3. **Compete Globally:** Target the African market first, then export to Global South nations with competitive pricing and rugged, solar-compatible designs.
4. **Jobs & Skills:** Create 15,000+ direct jobs and 40,000 indirect jobs through the supply chain, with focused training in robotics, battery tech, and software.

## PILLAR 3: SMART TSHWANE 2030

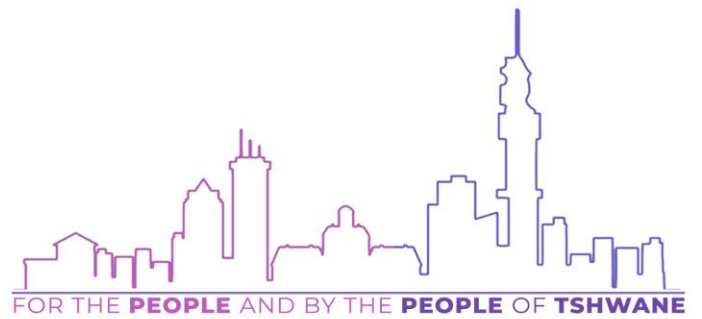

### Transform Tshwane into Africa's First Integrated Smart City

- **Digital Infrastructure:** Free public Wi-Fi in all townships, integrated IoT sensors for water/power management.
- **E-Governance:** All municipal services accessible via a single **"MyTshwane" App**—report faults, pay bills, attend virtual Council Meetings.
- **Smart Mobility:** Integrated transport system with electric municipal fleet and smart traffic management.
- **Safe City Network:** AI-enhanced CCTV and connected neighbourhood watch programs.

## PART IV: POLITICAL STRATEGY – HOW WE GOVERN

### Coalition for Service, Not Power

We will:

1. **Join/Form the Coalition of the Tshwane Metro** as the **stabilizing, service-delivery anchor**.
2. **Engage other Political Parties** to form a **Unity/Partnership Government** bound by a **Basic Services Performance Agreement**.
3. **Legislate a “Stability Clause”** requiring a 60% majority for any motion of no confidence, ending political games.
4. **Create Portfolio Committees chaired by technical experts**, not party loyalists.

### Accountability Architecture

- **Monthly Ward Report Backs:** Mandatory for all PTA012 Councillors.
- **Annual People’s Assessment:** Residents vote on whether their councillor retains PTA012 support.
- **Transparent Procurement Dashboard:** Every contract over R500,000 publicly visible online.

---

## PART V: MEMBERSHIP & STRUCTURE

### Who Can Join?

- **Community Champions:** Individuals wanting to run as independent ward candidates.
- **Technical Experts:** Engineers, accountants, urban planners ready to serve.
- **Concerned Citizens:** Volunteers, campaigners, and activists.

follow us @PTA012

## Levels of Membership:

1. **Ward Candidate Member:** Vetted and endorsed by their community.
2. **Technical Task Team Member:** Serves in policy and oversight units.
3. **General Member:** Supports the movement through activism and voting.

## Our Pledge:

*"I pledge loyalty to the people of my ward and Tshwane. I will prioritize service delivery above party politics. I commit to transparency, accountability, and the **PTA012 Vision 2030.**"*

## PART VI: THE CALL TO ACTION

### Join the Revolution If You Believe In:

- A mayor who fixes potholes before politicking.
- A city that builds cars, not cadres.
- Councillors who answer your call, not their party's.
- A **bold, African smart city** that the world respects.

### Our Timeline:

- **2027 – 2028:** Coalition Building & Service Rescue
- **2027 – 2029:** Industrial Launch & Smart Infrastructure Rollout
- **2030:** Tshwane Motors First Reveal & Smart City Live

### Final Word from qaOur Founder:

*"For too long, politicians have treated our city as a playground for power. It ends now. Tshwane is not a stepping stone for political careers—it is our home. We will restore its lights, secure its water, and together, we will build an industrial giant that shines across Africa. Join me. Let's take back our city and build a legacy that will outlive us all."*

*– Mr. Larry Matlala, Founder & President*

**TOGETHER, WE WILL BUILD A TSHWANE THAT WORKS. FOR EVERYONE.**
